

THE DESTINATION, TO FIND YOURS

SHAPING LEADERS OF TOMORROW

WITH EXCELLENCE &
INNOVATION SINCE 2010

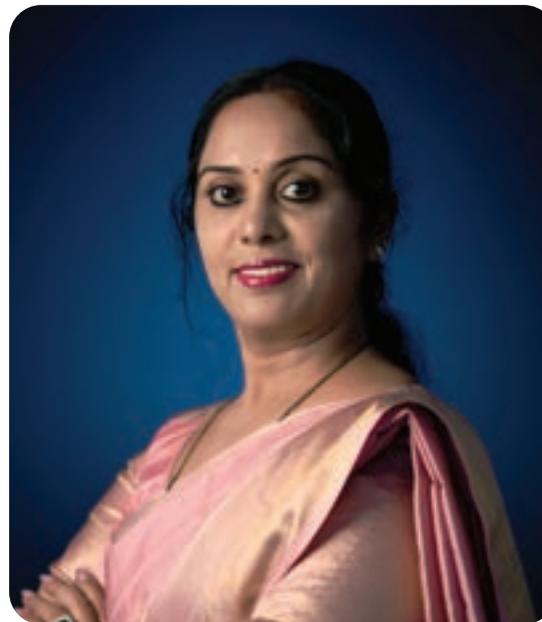

FOREWORD FROM MANAGEMENT

A Commitment to Excellence

Sri. K Muniraju
Founder & Chairman

Smt. Pushpa Muniraju
Chairperson

Welcome to Akash Group of Institutions—your destination to find and forge your unique path in the world. At AGI, we are dedicated to cultivating an environment where academic excellence meets innovation, all within our state-of-the-art facilities, designed to foster excellence in every student.

Our campus is a vibrant community where education extends beyond the classrooms. We are committed to providing a value-based educational experience that nurtures not only intellectual growth but also the moral development of our students. Here, learning is intertwined with ethical considerations, preparing students to be conscientious leaders in their fields.

Innovation and research are the cornerstones of our academic approach. We encourage our students and faculty to engage in pioneering projects and collaborative research that push the boundaries of what is possible. Our commitment to cutting-edge technology and resources ensures that your educational journey is supported by the best tools available.

Cultural engagement and community outreach are also vital to our mission. We believe in the power of cultural activities to enrich our students' lives and in the importance of giving back to the community through extensive outreach programs. These initiatives not only enhance our students' learning experiences but also solidify their roles as active participants in societal development.

A DECADE OF ACADEMIC EXCELLENCE & COUNTING

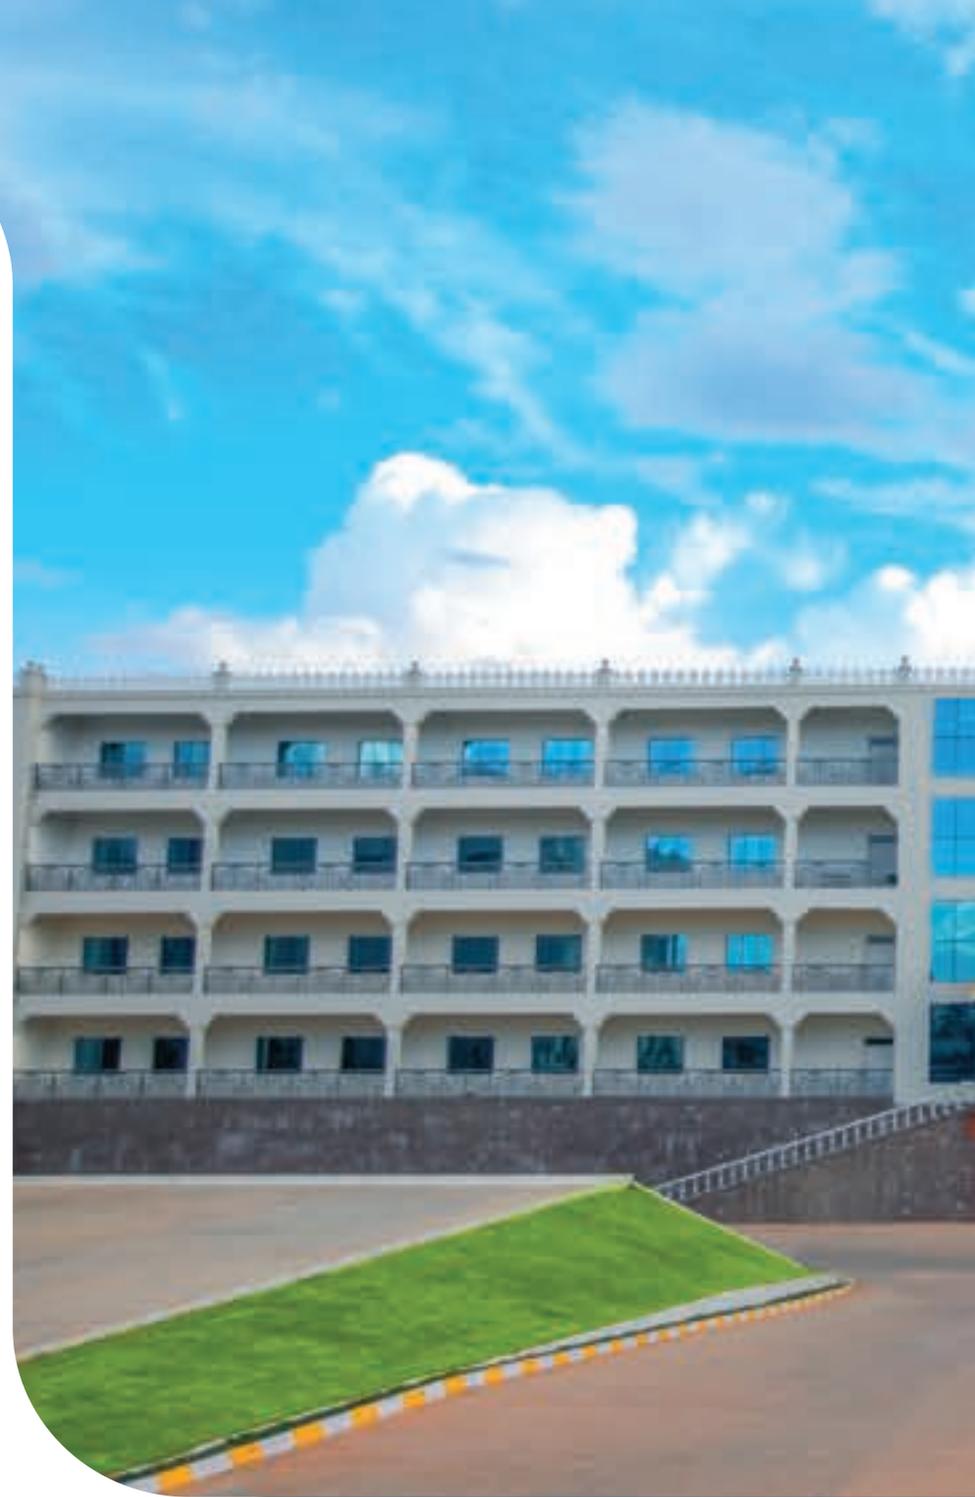

Akash Group of Institutions (AGI) has been at the forefront of academic excellence, empowering students to meet the demands of a rapidly evolving world since 2010. With a diverse range of programs in a plethora of fields, AGI is the ultimate destination where students embark on a journey of self-discovery, supported by a nurturing environment that encourages exploration, holistic growth, and personal success.

A TRANSFORMATIVE VISION

To be a revolutionary leader in education, empowering individuals to realize their full potential and contribute positively to society by fostering integrity, innovation, and social responsibility along with knowledge.

A MISSION TO DELIVER HOLISTIC EDUCATION

Providing an all-inclusive education from Medicine to Arts, integrating academic excellence with personal growth, thus equipping students with the skills & compassion needed to thrive in today's dynamic world.

OUR PILLARS OF EXCELLENCE

-  **Innovative Learning**
-  **Best-in-class Faculty**
-  **Holistic Development**
-  **World-class Infrastructure**
-  **Quality At Its Best**
-  **A Legacy Of Trust**

THE LEARNING ECOSYSTEM

Nestled in northeast Bengaluru, just a short drive from Kempegowda International Airport, Akash Group of Institutions spans two thoughtfully designed campuses. The main campus—a sprawling 50-acre sanctuary—combines modern convenience with the calm of lush, green landscapes, providing a pollution-free space for focused learning and growth.

Designed to enhance every aspect of student life, our main campus features state-of-the-art classrooms, world-class academic facilities, and premium hostel accommodations, fostering an atmosphere where students can thrive. Just minutes away, our second campus offers a compact yet fully-equipped 4-acre environment closer to Bengaluru's urban energy, making it a prime choice for students seeking both accessibility and excellence in their academic journey.

AKASH HOSPITAL

Your Gateway to Advanced Medical Training

A Premier Sanctuary for Health and Knowledge

Located near the international airport, Akash Hospital is a distinguished multispecialty healthcare center in Bangalore, recognized for its unparalleled standards in patient care and medical education. Serving both local and global communities, the hospital combines world-class healthcare services with advanced educational opportunities. Known for integrating innovative breakthrough treatments with progressive learning, Akash Hospital embodies excellence in healthcare, serving a diverse clientele with expertise and dedication.

+ EMERGENCY

+ EMERGENCY

Unrivalled Healthcare Services

Akash Hospital is renowned for its exceptional healthcare standards. Our 24/7 emergency services and advanced trauma and critical care units ensure expert handling of acute medical crises. Our rehabilitation center, along with comprehensive outpatient and inpatient departments serving thousands daily, reflects our commitment to restoring health and enhancing quality of life.

Comprehensive Medical Excellence

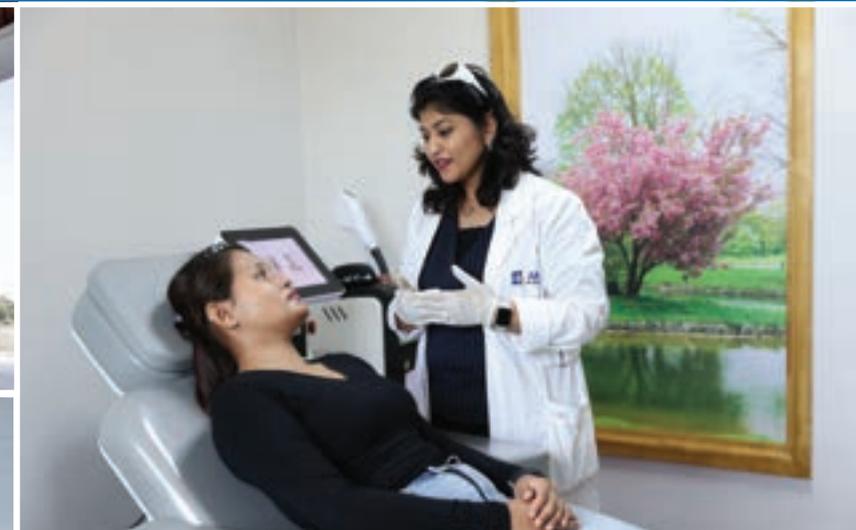

At the core of Akash Hospital's medical strength is its broad range of general and super specialties, supported by a cutting-edge diagnostic center and staffed by leading medical professionals. Our general specialties include Internal Medicine, General Surgery, Orthopaedics, Obstetrics and Gynaecology, Paediatrics, and Dermatology. Super specialties such as Cardiology, Neurosciences, Oncology, Endocrinology, Gastroenterology, Nephrology, and Urology offer advanced treatment options under one roof.

Shaping Tomorrow's Healthcare Leaders

Akash Hospital is an abode of healing and learning. By adhering to the highest global standards, we ensure that students receive exceptional education and exposure, preparing them to lead and innovate in the healthcare industry with distinction.

World-class Infrastructure and Education

Akash Hospital is not only a leader in healthcare but also a vibrant educational hub. With state-of-the-art facilities, it provides an ideal environment for the Advanced Medical and Health Sciences Programs, merging world-class medical education with superior patient care. Students gain invaluable exposure to real-world challenges, guided by a philosophy that integrates learning with care.

Just a turn to discover the exhaustive health programs conducted at Akash Hospital and the pathways for a rewarding career in healthcare

ADVANCED MEDICAL & HEALTH SCIENCES PROGRAMS

Akash Institute of Medical Sciences & Research Centre (AIMS&RC)

MBBS, MD & MS Programs

Cultivating Medical Excellence:

Accredited by the National Medical Council (NMC), World Federation of Medical Education (WFME) and affiliated to Rajiv Gandhi University of Health Sciences, AIMS&RC's programs align with Graduate Medical Education Regulations (GMER), preparing students to meet global healthcare needs. All medical students from AIMS&RC are eligible to apply for ECFMG (Educational Commission for Foreign Medical Graduates) certification and USMLE (United States Medical Licensing Examination) as well.

Our students are competent Indian Medical Graduates (IMGs), skilled in diagnosing and managing health issues at the primary, secondary, and tertiary levels, using clinical expertise based on patient history, physical examination, and relevant investigations.

MBBS (Bachelor of Medicine and Bachelor of Surgery) at AGI

- **Strong Academic Foundation:** Our curriculum is meticulously crafted to provide a comprehensive understanding of medical sciences, covering fundamental principles as well as emerging medical technologies and treatments.
- **Hands-on Training:** As a teaching hospital, we offer practical clinical training within our state-of-the-art facilities, guided by experienced healthcare professionals, ensuring hands-on experience in real-world scenarios.
- **Simulation Centre:** Our advanced simulation centre allows students to practice and refine essential medical procedures in a controlled environment, enhancing both confidence and competence.
- **Clinical Exposure:** Early and diverse clinical exposure plays a key role in our medical education, helping students develop strong diagnostic and patient management skills.

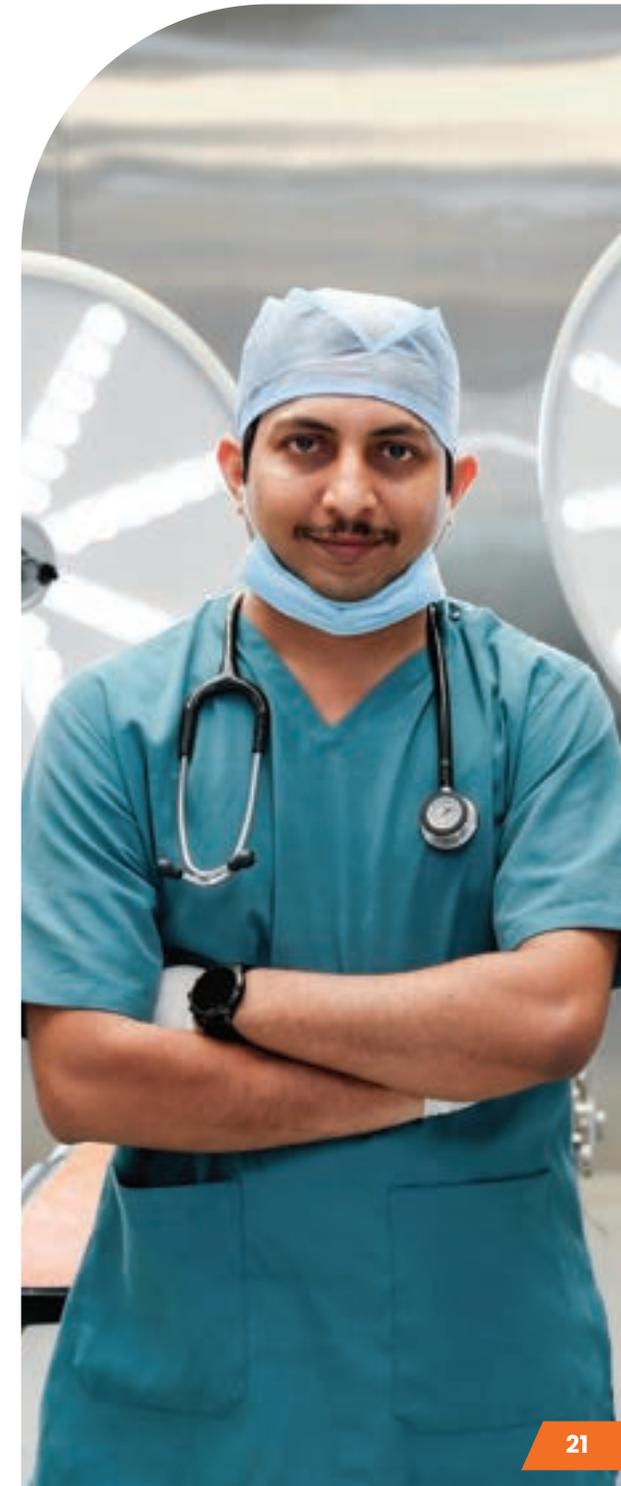

MD (Doctor of Medicine) / MS (Master of Surgery) at AGI

- **High-Caliber Hands-on Experience:** Our students receive practical clinical training within our hospital, managing a wide range of medical and surgical cases. This hands-on exposure enhances their diagnostic and treatment skills across diverse clinical scenarios.
- **Super-specialty Training:** We offer rotations in super-specialty departments, allowing residents to deepen their expertise in specific areas of interest, enhancing their clinical capabilities.
- **World-Class Simulation Training:** Our state-of-the-art simulation center provides invaluable opportunities for postgraduates to refine their skills and master procedures critical to their specialties.
- **Diverse Clinical Rotations:** Residents benefit from district residency programs and partnerships with super-specialty hospitals, gaining a broad range of experiences highly valued in medical education.
- **Pioneering in Healthcare and Research:** Akash Hospital is recognized for its integration of patient care, educational excellence, and cutting-edge research, pioneering new treatments and approaches in medical practice.

Nursing at AGI

Nurturing Proficiency With Ethics & Compassion

AGI offers a transformative educational experience through its Bachelor of Science (B.Sc.) in Nursing and Master of Science (M.Sc.) in Nursing programs. Both are recognized by the Indian Nursing Council, Karnataka State Nursing Council, and affiliated to Rajiv Gandhi University of Health Sciences, Bangalore. Our nursing programs are integrated with a 1000-bed parent hospital and medical college, providing students with unmatched clinical exposure and hands-on experience in healthcare delivery.

Leadership in Nursing Education

- As pioneers of private graduate nursing education in Karnataka, Akash Institute of Nursing is renowned for its excellent infrastructure, expert full-time faculty, and guest lecturers. Our goal is to develop empowered nurse leaders who excel in providing compassionate healthcare locally, nationally, and globally.

Curriculum & Learning Environment

- **Experiential Learning:** The program emphasizes competency-based learning through classroom instruction, supervised clinical practice, and community programs.
- **Comprehensive Facilities:** Students benefit from state-of-the-art laboratories, including nursing foundation, community health nursing, maternal and child health, and nutrition labs, equipped with the latest specimens, models, and mannequins.
- **Holistic Education:** We focus on building professional skills and moral values, preparing graduates to be exemplary citizens and skilled nurses who meet both national aspirations and global healthcare standards.

Join us to become
an exemplary nursing professional in the
dynamic field of healthcare.

Physiotherapy at AGI

Empowering the Next Generation of Physiotherapists

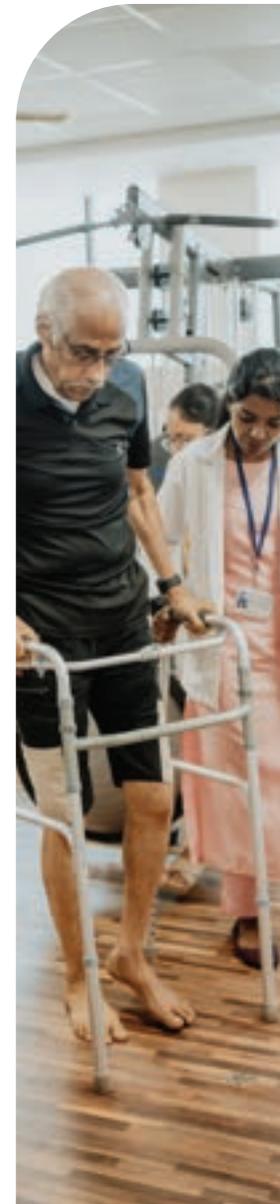

The Akash Institute of Physiotherapy is accredited by the Indian Association of Physiotherapy (IAP), ensuring our programs meet the highest educational standards. AGI offers exceptional Physiotherapy programs, including the Bachelor of Physiotherapy (BPT) and Master of Physiotherapy (MPT), affiliated to Rajiv Gandhi University of Health Sciences (RGUHS) and approved by the Government of Karnataka. Our institute is on track to be among the top BPT and MPT institutions in the country.

Educational Excellence and Faculty

- **Experienced Faculty:** Our programs are supported by dedicated and seasoned educators, along with distinguished guest speakers from top national and international universities.
- **Practical and Theoretical Integration:** Students of Physiotherapy at AGI gain a unique blend of theoretical knowledge and practical skills, fundamental for mastering physiotherapy concepts.

State-of-the-art Facilities & Research

- **Advanced Laboratories:** Our labs, including anatomy and physiology, exercise therapy, electrotherapy, biomechanics and kinesiology, and rehabilitation, are fully equipped to support advanced learning and research.
- **Research Opportunities:** Students are encouraged to engage in clinical and interdisciplinary research, supported by well-equipped labs, workshops, seminars, mentorship, and access to funding and grants.

Guided by a commitment to excellence, AGI empowers its students to embody the art and science of healing. Through hands-on learning and compassionate practice, they grow into professionals who bring comfort, restore mobility, and inspire hope. At AGI, physiotherapy is more than a discipline—it's a promise to touch lives with skill, empathy, and unwavering dedication.

Allied Health & Paramedical Sciences Programs

Discover Your Future in Healthcare

AGI's Allied Health & Paramedical Sciences programs are crafted to shape the future of healthcare, equipping students with the skills and knowledge needed to excel across various medical specialties. Recognized by leading healthcare councils and affiliated to Rajiv Gandhi University of Health Sciences, our programs combine theoretical learning with hands-on practical experience.

ALLIED HEALTH SCIENCES PROGRAMS

- B.Sc. Anaesthesia and Operation Theatre Technology
- B.Sc. Medical Imaging Technology
- B.Sc. Medical Lab Technology
- B.Sc. Respiratory Care Technology
- B.Sc. Renal Dialysis Technology
- B.Sc. Neuroscience Technology
- B.Sc. Perfusion Technology
- B.Sc. Cardiac Care Technology
- B.Sc. Emergency and Trauma Care Technology
- B.Sc. Radiotherapy Technology
- B.Sc. Optometry

PARAMEDICAL SCIENCES PROGRAMS

- Diploma in Ophthalmic Technology
- Diploma in Health Inspector
- Diploma in Medical Records Technology
- Diploma in Dialysis Technology
- Diploma in Operation Theatre & Anaesthesia Technology
- Diploma in Medical Laboratory Technology
- Diploma in Medical Imaging Technology

The AGI Difference:

- **Extensive Clinical Exposure:** Students gain hands-on experience at our state-of-the-art 1000-bed multi-specialty teaching hospital, learning under the guidance of distinguished faculty through real-world clinical rotations.
- **Advanced Learning Facilities:** Our campus is equipped with modern laboratories featuring the latest technologies in anesthesia, medical imaging, respiratory care, and more, ensuring that students are proficient in cutting-edge medical equipment.
- **Research and Development:** Emphasizing research, our curriculum encourages students to engage in innovative projects, enhancing their learning experience and contributing to advancements in medical science.
- **Professional Readiness:** Through mentorships, workshops, and simulated training environments, our programs focus on developing critical thinking and decision-making skills. This comprehensive approach ensures that the graduates are well-prepared to tackle the challenges in their respective fields.
- **Outcome-Oriented Education:** Each program at AGI is designed to produce highly competent healthcare professionals, ready to make a significant impact in hospitals, specialty clinics, and research institutions. Our graduates are known for their clinical expertise, ethical standards, and compassionate care.

Pharmacy at AGI

Bachelor of Pharmacy (B.Pharm.)

Innovating Healthcare Through Pharmaceutical Education

Our B.Pharm. program is a dynamic four-year course designed to prepare students for impactful careers in the pharmaceutical and healthcare sectors. Combining rigorous academic training with hands-on experience, our curriculum ensures that graduates are equipped to meet the challenges of an evolving healthcare landscape.

The AGI Difference:

- **Comprehensive Curriculum:** The B.Pharm. program covers key areas such as pharmaceutical chemistry, pharmacology, pharmaceutics, and pharmacognosy. This foundation provides students with a deep understanding of drug properties, actions, and therapeutic applications.
- **Practical and Experiential Learning:** Emphasizing hands-on lab work and internships, we bridge the gap between theory and practice. This approach helps students develop technical skills and real-world experience in drug development, quality control, and regulatory compliance.
- **Interdisciplinary Collaboration:** We foster teamwork across various healthcare disciplines, enhancing the ability to solve complex health problems and improve patient outcomes.
- **Focus on Research and Innovation:** Students are encouraged to participate in research initiatives, contributing to advancements in drug discovery and development, and staying in sync with industry innovations.
- **Community and Public Health:** Our program prepares graduates to play key roles in community health, with a focus on responsible medication use and public health advocacy.
- **Industry Connections and Career Opportunities:** The B.Pharm. program at AGI opens doors to diverse career paths in the pharmaceutical industry, clinical environments, research institutions, and regulatory bodies. Graduates are well-prepared for roles in community and hospital pharmacy, regulatory affairs, and more.

CENTRE FOR ADVANCED SIMULATION

Bridging Knowledge & Practice

The Akash Centre for Advanced Simulation at AGI is a pioneering facility designed to elevate the clinical skills of students in medical and health sciences programs. Equipped with state-of-the-art high-fidelity mannequins and simulators, this centre enables students to master critical procedures such as cardiopulmonary resuscitation, intravenous injections, airway management, and neonatal care.

The AGI Difference:

- **Comprehensive Simulation Training:** Our advanced simulators offer hands-on practice in acute critical care, complex birthing scenarios, and cardiac assessments, preparing students for real-world clinical challenges.
- **Diverse Clinical Scenarios:** With over sixteen advanced case scenarios, including poisonings, snakebites, myocardial infarctions, and severe burn injuries, the centre sharpens diagnostic and emergency response skills.
- **Certifications for Clinical Competency:** Accredited courses like Basic Life Support (BLS) and Advanced Cardiac Life Support (ACLS), certified by the American Heart Association, are regularly offered. The centre has certified hundreds of students and staff, ensuring adherence to national medical standards.
- **World-class Partnerships for Excellence:** Our centre collaborates with renowned partners, including Accreate Additive Labs and Laerdal Medical, to maintain the highest standards in medical education. This collaboration enhances our simulation-based training with innovative technology and global expertise.

The Akash Centre for Advanced Simulation stands as a cornerstone of AGI's commitment to world-class, experiential medical education, preparing future healthcare professionals with the skills and confidence to soar higher & beyond...

ENGINEERING PROGRAMS

Akash Institute of Engineering & Technology

Engineering The Future

At AGI, the Akash Institute of Engineering and Technology (AIET), affiliated with Visvesvaraya Technological University, delivers a dynamic engineering education that merges core disciplines with interdisciplinary studies aligned with industry demands and emerging technological trends. Our programs focus on developing technical expertise, fostering innovation, and ensuring professional readiness.

Educational Excellence:

- **Expert-Designed Curriculum:** Our curriculum, crafted by academic and industry experts, combines foundational engineering principles with advanced technological applications, preparing students for the complexities of modern industries.
- **Practical and Experiential Learning:** Through extensive lab work, internships, and real-world projects, AIET provides students with invaluable opportunities to apply their knowledge and sharpen their skills in real professional settings.

Advanced Facilities and Research Opportunities:

- **State-of-the-art Laboratories:** AIET offers specialized labs, including the Computer Lab for programming, the CAED Lab for computer-aided design, and the Analog and Digital System Design Lab for electronics prototyping. Our Simulation Lab (LabVIEW/XILINX/PSPICE) and MATLAB Skill Lab further support a diverse range of engineering applications and research.
- **Research and Innovation:** AIET promotes a culture of research and innovation with initiatives like incubation centers, encouraging collaborative projects between students and faculty that often result in industry partnerships and patent-worthy ideas.

Career Development and Industry Connections:

- **Industry Partnerships:** AIET's strategic collaborations with leading tech and engineering companies ensure that the students gain exposure to current industry practices, significantly enhancing their employability and career trajectory.

Cultivating Leaders:

- Beyond technical acumen, AIET emphasizes soft skills and leadership training, preparing graduates to become not only skilled engineers but also influential leaders capable of addressing global challenges.

MANAGEMENT PROGRAMS

AKASH GLOBAL COLLEGE OF MANAGEMENT AND SCIENCE (AGCMS) & AKASH INSTITUTE OF MANAGEMENT AND SCIENCE (AIMS)

Business, Computing & Commerce Programs

AGI stands out in the educational landscape by offering industry-aligned courses with an unwavering commitment to student success. Through rigorous academic programs, practical exposure, industry partnerships, and holistic development, AGI empowers students to excel in today's competitive job market. This document details AGI's core programs across Management, Computer Applications, and Commerce, including BBA, MBA, BCA, MCA, B.Com., and M.Com., as well as the specialized certifications that keep graduates ahead in today's industries.

UNDERGRADUATE PROGRAMS (BBA, BBA AVIATION, BCA & B.COM.)

BACHELOR OF BUSINESS ADMINISTRATION (BBA)

The BBA program at AGI provides a strong foundation in business management with a focus on bridging theory and practice. Industry exposure, field visits, and real-world projects help students apply classroom knowledge. In addition to core management skills, students gain specialized expertise in high-demand areas like logistics, supply chain management, and digital marketing, equipping them for successful careers in various business fields.

The AGI Difference:

- **Industry Exposure:** Regular industry visits, guest lectures, and internships immerse students in real-world business challenges.
- **Specialized Programs:** AGI's specialized programs leverage professional tools like ChatGPT, Excel, Power BI, Python, and more, ensuring students gain practical, industry-ready skills through hands-on experience.
- **Real-World Case Studies:** AGI collaborates with leading organizations to offer real-life case studies and business challenges, providing students with insights into real-world problems and the tools to solve them.
- **Career Counseling and Placement Support:** AGI provides robust career counseling and placement assistance.

BACHELOR OF BUSINESS ADMINISTRATION IN AVIATION (BBA AVIATION)

This program is tailored for the fast-growing aviation and hospitality sectors, preparing students for roles in airline management, airport operations, and more. The curriculum combines aviation-specific knowledge with broader business skills, enriched by field visits, workshops with industry professionals, and hands-on training.

The AGI Difference:

- **Aviation Industry Partnerships:** Internship opportunities with airlines and airports provide direct industry experience.
- **Comprehensive Training:** Coverage includes customer service management, regulatory requirements, and logistics.
- **Field Visits:** Visits to aviation hubs offer unique insights into airline and airport operations.
- **Global Perspective:** Emphasis on international aviation management opens global career opportunities.

Bachelor of Computer Applications (BCA)

AGI's BCA program integrates cutting-edge technological advances with hands-on learning. The curriculum prepares students for fields like data science, cybersecurity, and AI. With real-life projects, internships, and industry-standard certifications, graduates are fully equipped to meet the demands of the tech sector.

The AGI Difference:

- **In-Demand Certifications:** Specializations in AI, Data Science, and Cybersecurity providing a competitive edge.
- **Practical Learning:** Labs, real-world projects, and internships ensure job readiness from day 1.
- **Mentorship and Career Guidance:** Dedicated mentorship guiding them through career choices, internships, and placement opportunities.
- **Soft Skills Development:** Dedicated workshops to develop strong communication and interpersonal skills.

Bachelor of Commerce (B.Com.)

AGI's B.Com program combines a solid foundation in commerce with practical, industry-relevant skills. Students can specialize in fields like Logistics & Supply Chain Management, Business Analytics, and pursue certifications like ACCA and CMA, enhancing their employability in global finance and commerce.

The AGI Difference:

- **Practical Skills:** Real-world scenarios and workshops ensure hands-on experience.
- **In-Demand Certifications:** Specializations in Financial Analytics, Accounting, and Business Management provide a competitive edge in the financial and business sectors.
- **Career Support:** Regular guidance and placement assistance.

POSTGRADUATE PROGRAMS (MBA, MCA & M.COM.)

Master of Business Administration (MBA)

AGI's MBA program equips future leaders with strategic and specialized knowledge, enhanced by global exposure, advanced management practices, and industry tie-ups. The program offers in-demand specializations like Travel & Tourism, Business Analytics, and Hospitality Management, ensuring that the graduates are well-prepared for leadership roles.

The AGI Difference:

- **Real-World Problem Statements:** Students engage with real-life business challenges through collaborations with top organizations, gaining insights and solving practical issues.
- **Latest Professional Tools:** Students gain hands-on experience with industry-standard tools such as Power BI, Python, and Excel, enhancing their ability to apply analytical techniques and data-driven decision-making in business.
- **Global Exposure:** The MBA program offers international case studies, exchange programs, and corporate tie-ups, expanding students' perspectives and preparing them for global business environments.

MASTER OF COMPUTER APPLICATIONS (MCA)

The MCA program focuses on advanced software development, systems management, and emerging technologies, including cybersecurity, ethical hacking, and AI. Collaborations with industry leaders, live projects, and research opportunities make this program highly distinct.

The AGI Difference:

- **Specializations in Emerging Technologies:** Advanced options in areas such as Cybersecurity and AI, Cyber security prepare students for high-demand roles.
- **Fieldwork and Research:** Real-world projects and research encourage innovation & technical proficiency.
- **Industry Tie-Ups:** Partnerships with top tech firms facilitate mentorship and networking.
- **Comprehensive Career Support:** Soft skills training and career workshops complement technical education.

MASTER OF COMMERCE (M.COM.)

AGI's M.Com. program offers in-depth studies in commerce and finance, emphasizing advanced skills in areas like accounting and financial management. With a mix of workshops, case studies, and practical projects, students are prepared for roles in corporate finance, consulting, and academia.

The AGI Difference:

- **Advanced Learning:** Rigorous focus on finance, commerce, and economics.
- **Industry-Integrated Projects:** Real-world projects prepare students for the job market.
- **Experienced Mentorship:** Guidance from mentors enriches both academic and professional development.
- **Research Opportunities:** Encouragement for research, publications, and projects.

FROM CLASSROOMS TO BOARDROOMS: REDEFINING PROFESSIONAL EDUCATION

At AGI, we forge dynamic collaborations with industry leaders to revolutionize learning through real-world problem statements, groundbreaking case studies, and cutting-edge professional tools. These partnerships empower our students to tackle industry challenges head-on, fostering critical thinking, innovation, and technical expertise. By bridging the gap between academia and industry, we equip our students with future-ready skills, ensuring that they emerge as confident, capable leaders ready to redefine the professional landscape.

INDUSTRIAL COLLABORATIONS FOR PROBLEM STATEMENT & REAL LIFE CASE STUDIES

PROFESSIONAL TOOLS USED FOR STUDENTS SKILL ENHANCEMENT

INFRASTRUCTURE & FACILITIES

BEST-IN-CLASS INFRASTRUCTURE FOR NEXT-GEN EDUCATION

A Gateway to Knowledge - The Library

The Library facilities at AGI are a vibrant center for intellectual exploration, serving as a resource-rich haven for students, faculty, and researchers alike. It features thoughtfully designed spaces for reference, quiet reading, postgraduate studies, and faculty use, ensuring that every visitor finds their ideal study environment. Equipped with a digital section offering extensive e-resources, online journals, and a diverse journal collection, the library brings together traditional and digital resources, making it a true cornerstone for academic growth and discover.

Research & Innovation - Research Laboratories

Research is a cornerstone of AGI, with dedicated research labs in each department to foster innovative thinking. The Research Laboratories serves as a multidisciplinary hub, equipped with advanced tools and technology that support cutting-edge research and ensure students and staff remain at the forefront of their fields.

World-class Facilities Onboard:

- **Academic Facilities:**
Lecture theaters with modern audio-visual technology, an auditorium for events, and a central workshop for practical training.
- **Student Amenities:**
Common rooms for relaxation, a cafeteria, a gymnasium, a daycare center, and recreational facilities enhance student life.
- **Health Facilities:**
On-campus medical support for students and staff, with immediate healthcare services available through our own Akash Super Specialty Hospital.

Nurturing Body & Mind - Exceptional Sports Infrastructure

At AGI, sports isn't just an activity; it's a commitment to excellence. Our campus boasts one of the finest sports infrastructures in the country—an offering that few institutions match. From pristine lawn turf grounds for cricket and football, dedicated cricket nets for focused practice, to advanced synthetic courts for basketball, tennis, and badminton, we've crafted an environment where students can excel.

Our facilities include a state-of-the-art swimming pool, indoor game arenas, and purpose-built courts for volleyball and throwball, empowering students to balance academics with athletic passion. At AGI, we nurture champions!

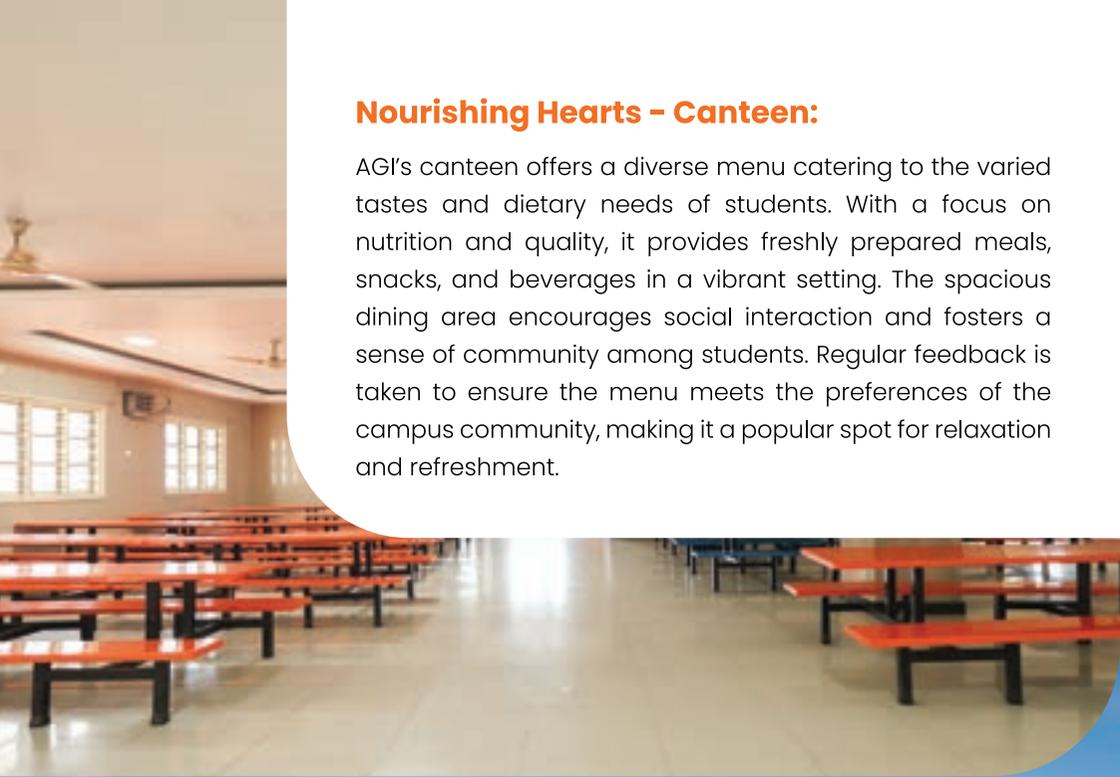

Effortless Commute With AGI Transportation:

AGI offers reliable, well-coordinated transportation services, ensuring seamless commuting between campus and students' homes. Our extensive fleet provides safe, timely, and convenient travel options, supporting students' focus on their studies without the hassle of daily travel.

Nourishing Hearts - Canteen:

AGI's canteen offers a diverse menu catering to the varied tastes and dietary needs of students. With a focus on nutrition and quality, it provides freshly prepared meals, snacks, and beverages in a vibrant setting. The spacious dining area encourages social interaction and fosters a sense of community among students. Regular feedback is taken to ensure the menu meets the preferences of the campus community, making it a popular spot for relaxation and refreshment.

Hostel - A Home Away From Home

AGI's hostel facilities provide a comfortable and secure living environment for both boys and girls. Each hostel is designed with spacious rooms, study areas, and recreation spaces to foster a supportive atmosphere. Amenities include round-the-clock security, and dedicated hostel wardens to ensure residents' well-being and discipline. The hostel experience encourages students to build lasting friendships and foster a community atmosphere conducive to academic success.

Our Esteemed Recruitment Partners

VIBRANT CAMPUS LIFE AT AGI

Beyond Academics

10K Run – The Stride For A Cause:

At AGI, we proudly demonstrated our dedication to community health through the AGI 10K Run—an event that was more than just a race; it was a celebration of dignity and a powerful message of support for geriatric healthcare. In partnership with Akash Super Speciality Hospital and Metropolis Healthcare, we focused on the importance of caring for those who have cared for us, highlighting the value of a healthier, more respectful aging journey.

With an exciting prize pool and an inclusive, high-energy atmosphere, the AGI 10K Run brought together participants in a shared commitment to these values. This meaningful initiative marked a significant step in our ongoing mission to uplift our community, a mission that will continue to inspire impactful efforts in the future!

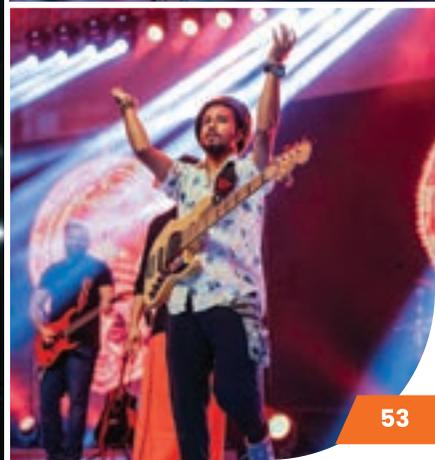

AKASHOTSAV

North Bangalore's Biggest Cultural & Sporting Bonanza

Celebrating Talent, Unity & Excellence

Akashotsav, the vibrant annual festival of Akash Group of Institutions, is an extraordinary week-long celebration of culture, athletics, and academic achievements. This inaugural event provided a dynamic platform for our talented students to shine, fostering creativity, collaboration, and lifelong connections. With electrifying performances by renowned artists like Sanjith Hegde and Thaikkudam Bridge, and an esteemed lineup of celebrity judges, Akashotsav offered unparalleled exposure and inspiration for every participant.

Attracting nearly 180 colleges from across Bangalore, Akashotsav was a true celebration of artistic prowess and innovative spirit. The fest featured a dazzling spectrum of competitions, exhibitions, and performances, each one showcasing the skill, passion, and energy of our community. This unforgettable event has left an indelible mark, setting the stage for a tradition of excellence and unity that will continue to inspire and empower.

AGI SPORTS MEET

UNLEASHING THE CHAMPION WITHIN

The AGI Sports Meet is an annual showcase of athletic excellence at Akash Group of Institutions, bringing together college teams from across the state to compete in a variety of championships, including basketball, cricket, football, badminton, swimming and a lot more! This vibrant event not only fosters camaraderie and sportsmanship among student-athletes but also highlights AGI's commitment to holistic development by integrating sports with education. Beyond medals and trophies, the meet is a journey of personal growth, resilience, and learning, where values like teamwork, leadership, and critical thinking take center stage.

THE ALUMNI CONNECT

Tales of Testament

From visionary leaders to industry pioneers, AGI alumni have transformed their dreams into reality. AGI was the destination where they discovered their true potential and found their own paths to success. With relentless ambition and unparalleled skills, they hold prestigious positions across the globe, proving that with AGI, the sky is not the limit—it's just the beginning.

I'm Sebin K Jose Completed my BSc Nursing at Akash institute of Nursing. I have joined the Institution from 2020, this institution has equipped me with the skills and intellect to develop me as a professional.

The esteemed faculty have played a major role in moulding me to face the challenges in the Academic as well as Extracurricular activities.

Sebin K Jose
B.Sc. Nursing

As a dedicated postgraduate in the dermatology and cosmetology department at Akash Hospital, I am committed to transforming lives through personalized, advanced skin care and aesthetic treatments. Each day provides a valuable opportunity to enhance my skills and stay at the forefront of the latest dermatological and cosmetic innovations.

Dr. Sneha
PG, Department Of Dermatology

I am Hema Sri Sai A, from the batch of 2017. I had a wonderful experience at AIMS & RC. The faculty at AIMS & RC provided constant guidance throughout our journey as medicos. The hospital's infrastructure and management team put in 100% effort to ensure that patients received excellent care throughout their stay. I would like to thank the chairman and staff for providing us with the best faculty and facilities.

Dr. Hema Sri Sai
MBBS

I am Jyothsna, from the batch of 2017, embarked on my journey as a medico in 2017. AIMS&RC instilled in me invaluable life lessons and taught me how to overcome the challenges that came my way. I will forever cherish the moments spent here, and I am sincerely thankful to both the faculty and management for their unwavering support.

Dr. Jyothsna
MBBS

I would like to express my sincere gratitude towards Akash institute of physiotherapy to empowering me to my truest potential. The institute have truly helped me enhance my knowledge and interpersonal skills.

Richa
Bachelor Of Physiotherapy

Campus life at AIMS&RC and Akash Hospital is an enriching experience that balances academic rigor with personal growth. Days are filled with study sessions, case discussions, and clinical rotations that build a comprehensive understanding of medicine.

Dr. Vikas G K
PG, Department Of General Medicine

I am currently pursuing my post-graduation at Akash Hospital in the General Surgery Department. The faculty's guidance and the hospital's state-of-the-art facilities have been instrumental in honing my skills. Akash Hospital truly provides an environment that fosters learning and professional growth.

Dr. Lohith A H
PG, Department Of General Surgery

I still remember the day I walked onto this campus with a mind full of curiosity to see what lies before me, as it was a new place and a new journey. Kindest regards to the management and faculty for moulding me into the doctor and, more importantly, the person I am today.

Dr. Syed Mizra M
MBBS

I will always look back on my time at Akash Institute of Physiotherapy with immense gratitude. It was here that I found my voice, discovered my passions, and built the foundation for a meaningful and fulfilling career. I owe so much to my beloved faculty, staff, and peers who helped me become the person I am today.

Megha P S
Bachelor Of Physiotherapy

I, Suhail M A (MBA), thrilled to share that I have been selected by HDFC BANK during the recent placement drive. This achievement marks a significant milestone in my professional journey, and I am deeply grateful to my college, Akash Global College of Management and Science, for its invaluable support and guidance.

Suhail M A
MBA

I'm Sayyad Thafseer M, Pursuing IV SEM MBA in Akash Global College of Management and Science. When I started looking for a college, I wanted more than just academic excellence. Akash Global College of Management and Science turned out to be exactly what I needed.

Sayyad Thafseer M
MBA

I am DA Varshini, perusing BCA. I am delighted to share my experience at Akash Group of Institutions. The placement drive in our institution was remarkable. I appreciated the time taken by the teams to speak with me and share insights about the role and company culture. I am truly grateful to be in part of Akash Group of Institutions.

Varshini D A
BCA

The hospital management at AIMS&RC provided an excellent platform for learning and skill development. The overall experience during the MBBS program has been very positive, with ample teaching support from the start of the first year. The hospital offered numerous opportunities, which will be invaluable for future practice.

Dr. Ashritha Narayan
MBBS

Department of Radiodiagnosis is equipped with the latest technology, ensuring students receive hands-on experience with advanced equipment. Overall, the college offers a solid academic foundation, extracurricular activities & clinical exposure that would benefit student development. Thank you for your commitment to nurturing the next generation of healthcare professionals.
